Commercial Door Operators: A UL 325 Safety Standard Review (Removed)

Course Number: AEC757 (LM-EN-75705-1218) on March 4, 2019
 Certificate Number: 1717337-08206
 AIA/CES Learning Units: 1 LU/HSW - 1 hour program
 Learning Method: On demand e-learning
 Score Achieved: 90.00%
 Professional Development Hour (PDH): 1
 This course qualifies for HSW

Instructor: Brian C. Valdez, CSI, CCPR, CDT

COURSE ADDENDUM

Participant's Name: Mark Schimento

Participant's License #: _____

Telephone #: (_____) _____

Date Course Completed: March 4, 2019

Course Title: Commercial Door Operators: A UL 325 Safety Standard Review (Removed)

Course Number: AEC757 (LM-EN-75705-1218)

Course Description: Facilities that require commercial doors and operators depend on the smooth functioning of these systems for productivity, profitability, security, and safety. This course addresses the various types of commercial doors and operators available. Door and operator safety is also discussed, with particular emphasis on the UL 325 standard, its requirements, and the devices that make a door system compliant.

Learning Objectives:

Compare the functions of various styles of commercial doors.

Describe the types of commercial door operators.

Discuss the features of reduction systems and solenoid brakes, as well as the NEMA ratings for enclosures.

Explain the requirements of UL 325 and how it contributes to the safe operation of commercial doors.

List the devices that meet the UL standard and describe their features.

Number of Course Hours Completed: 1 LUs

Name of Course Provider: AEC Daily Corporation

Name of Course Trainer or Educator: Brian C. Valdez, CSI, CCPR, CDT, Sr. Specialist, Architect & Specifier Group

Course Trainer/Educator's Telephone #: 630-993-6569

Instructor Bio:

Brian has been in building materials for over 15 years with proven experience managing multiple product lines and working/consulting with all channel levels of decision makers including architects, builders, installers and distribution. Brian's primary focus at LiftMaster is working directly with architects to assist in site planning review, product and system recommendations, preparation of construction specifications, and assistance with identification of installation best practices, as well as creating and providing educational programs regarding code and standard requirements.

Brian has a proven to have a comprehensive understanding of how to effectively interpret and communicate construction documentation, and to be a valuable resource for design teams, as recognized through CSI's certification program.

His determination lies in driving project success through his vast knowledge and understanding in safety, regulations and innovation. Companies he has worked for include Chicago Metallic Ceilings and LiftMaster.

AIA approved course. This course qualifies for 1.0 LU/HSW Hour.

AEC Daily reports Learning Units on members' behalf.

SAA Info: Provider No. 1036. Course# AEC757

This course is approved as a core course.

Members must self-report LUs through the RAIC National Con Ed reporting website. <http://raic.org/transcripts>.

OAQ Info: Course# AEC757

This course qualifies for self-directed learning activity with the OAO. / Ce cours est reconnu par l'OAO comme activité d'auto-apprentissage.

Members must self-report hours to OAO. / Les membres doivent rapporter eux-mêmes leurs heures à l'OAO.

OAA Info: Course# AEC757

This course may apply to both OAA structured and unstructured learning as long as it addresses the required subject matter topics.

Members must self-report activity to OAA and retain your Certificate of Completion.

NWTAA Info: Course# AEC757

This course is approved as a Structured course.

Members must self-report Learning Hours through the National Con Ed reporting website at <https://www.raic.org/transcripts/default.htm>

NLAA Info: Course# AEC757

This course is approved as a core course.

Members must self-report LUs through the MCET National Con Ed reporting website. (www.architranscripts.ca/default.htm)

CSC Info: Course# AEC757

CSC approved course. This course qualifies for HSW.

Members must self-report PDE hours to CSC.

CAHPI Info: Course# AEC757

CAHPI approved course, MRC Hours.

Members must self-report MRC hours to CAHPI.

AIBC Info: Course# AEC757

AIBC members may self-report this learning activity for consideration of AIBC learning units.

AAPEI Info: Course# AEC757

This course is approved as a Core Learning Activity.

Members must self-record their learning hours on the RAIC|Architecture Canada Transcript Database, <https://raic.org/transcripts>.

AANB + ALBNL + NSAA Info: Course# AEC757

This course is EPP approved.

Members must self-report their learning hours on the RAIC|Architecture Canada Transcript Database, <https://raic.org/transcripts>.

AAA Info: Provider No. A-002. Course# AEC757

This course is approved as a Structured Course.

AAA Members must self-report their learning hours to AAA.

RMMI Info: Course# AEC757

This is a RMMI approved course.

RMMI will confirm certification credit upon receipt of Certificate of Completion (members must self-report).

IIBEC Info: Course# AEC757

This course qualifies for HSW.

This course is approved for IIBEC CEHs. Users are to self-report to IIBEC by submitting their certificate of completion to IIBEC.

RCEP Info: Course# AEC757

AEC Daily is an RCEP-approved continuing education provider.

Credit earned on completion of this program will be reported to RCEP.

NARI Info: Course# AEC757

NARI approved course.

0.1 CEU toward certification renewals. 1 Hour toward certification application.

NAHB Info: Course# AEC757

This program meet NAHB's continuing education requirements for one or more of the following designations: Certified Graduate Associate (CGA), Certified Graduate Builder (CGB), Certified Graduate Remodeler (CGR), Certified Green Professional (CGP), Graduate Master Builder (GMB), Graduate Master Remodeler (GMR), Certified Aging-In-Place Specialist (CAPS)
