Course Title: Commercial Fenestration Products: Dock & Drive Through Openings

Course Number: AEC316-02:1 (AM-EN-31613-0220.pdf)

Course Description: Commercial fenestration products including sectional doors, rolling sheet doors, and rolling steel doors can improve building performance and provide essential building/opening protection. This course discusses common door features, hardware, insulation, installation, and optional types of electric operators, and evaluates the performance criteria required for a specific dock or drive through opening.

Learning Objectives:

Identify the functional and operational features of different commercial fenestration products for dock or drive through openings and illustrate how they improve building performance and provide essential building/opening protection.

Discuss how the design and performance qualities of commercial fenestration products make them durable and an important contribution to enhancing the sustainable built environment.

Demonstrate how maximum energy efficiency can be achieved through the installation of high-R value doors in openings in hot or cold climates, or in climate controlled buildings. Evaluate the performance criteria required for a specific dock or drive through opening and specify the appropriate commercial fenestration products.

Number of Course Hours Completed: 1 LUs

Name of Course Provider: AEC Daily Corporation

Name of Course Trainer or Educator: Steve Roesner, Commercial Product Manager

Course Trainer/Educator's Telephone #: 785-312-6348

Instructor Bio: Steve Roesner has been in the commercial fenestration industry for over 15 years, specializing in the sales, installation, and development of commercial door products and accessories. He is the Commercial Product Manager for Amarr Garage Doors by Entrematic and is responsible for the development and marketing of Amarr's commercial products and accessories including sectional doors, rolling steel doors, rolling sheet doors, and commercial operators. Steve got his start in the industry with Overhead Door of Kansas City as the Commercial Operations Manager. Before settling in with Amarr, Steve was with Metecno-Aluma Shield in Deland Florida, leading the sectional door division's sales and marketing efforts. Steve currently makes his home in Lawrence, Kansas and is a graduate of the University of Kansas.
